October 2010

## Global 4 Named NEC Best Reseller 2009/10

*At the NEC EMEA Partner Conference 2009/10 held in Istanbul, Turkey on September 29th – October 1st 2010*

Global 4 Communications Ltd, a nationwide company which specialises in the delivery of tailored telecoms solutions to a wide range of businesses, was recently recognised by NEC as the No. 1 dealer in not only the UK but also Europe, Middle East and the Africas. Global 4 is passionate about telecoms ...

To put this achievement into perspective, NEC is one of the world's largest companies with an investment of over 2 billion dollars per annum in research and development, to keep it at the forefront of technology (which is more than most of its rivals' turnover). This includes Telephony, Mobile, TV, Satellites, Computers and it is proud to have the fastest computer in the world that controls the USA space program.

Global 4 was invited to the NEC EMEA Partner Conference 2010 held in Istanbul on September 29th to October 1st 2010 to mark the first international gathering with all major partners in EMEA. Motivational and inspiring, the NEC Conference gave all attendees the opportunity to share best practise and better equip themselves for on-going successful sales of NEC products and services.

Attended by the Telecoms industry's finest and senior members of NEC's EMEA Division, Global 4 was short-listed from dealers from each country to win the coveted award of "NEC Best Reseller 2009/10" - collected by Nigel Barnett and Rob Whyte-Venables (shown above).

With the largest installed and maintained NEC customer base in the UK, Global 4 can boast being a premier NEC business partner for many years with full accreditation. "Our commitment to NEC means we can ensure our clients receive the very latest future proofed business solutions" commented Nigel Barnett, Managing Director of Global 4.

Through controlled organic growth with a turnover of over £12million and a flexible and personal service, Global 4 has become a healthy company that can support businesses of any size. A principled approach to business and a unique customer experience is what makes Global 4 different from other telecoms providers.

With over 12 years of experience combining best-in-class telecoms with unrivalled customer service, Global 4 is the preferred Telecoms provider for many major UK high street names. Over the years Global 4 has built first rate working relationships with both our extensive client portfolio and our partners and we look forward to continued success as part of the NEC team.

Other key members of Global 4's Senior Management Team include Rob Whyte-Venables (Service Director), Jenny Fright (Administration Director) and Simon Johnson (Finance Director).
